

TAMOP 4.2.2.A-11/1/KONV-2012-0036 project

International Workshop „Functional chalcogenide glasses”

Debrecen, 2014.04.17-18.

Program

- 1. Investigations of smart materials at the University of Debrecen.**
Dr Sandor Kéki
University of Debrecen, Hungary
- 2. THz spectroscopy in phase change GST materials.**
Dr Koichi Shimakava
Gifu University, Japan, University of Pardubice, Czech Republic
- 3. Photoinduced volume changes in chalcogenide glasses.**
Dr Sandor Kugler
Budapest University of Technology and Economics, Hungary
- 4. Technologies for Brain-Inspired Computing**
Dr Krisztian Kohary
Engineering, CEMPS, University of Exeter, UK
- 5. Chalcogenide nanocomposites for photonic applications.**
Dr Sandor Kökényesi
Institute of Physics, University of Debrecen, Hungary
- 6. Round table discussions on current problems of functional glasses.**

Organizers:
